

CancerCARE

Right Care. Right Place. Right Time.

Survivorship is our goal!

What is CancerCARE?

The CancerCARE Program is a free, fully integrated cancer solution included in YOUR health plan that supports you from the first day of your diagnosis well into the stages of aftercare. CancerCARE coordinates care and benefits for patients with new or existing cancers. Our expert medical team advocates for the best possible care in your community or at a leading national Center of Excellence location.

Day One Help

The day you receive a cancer diagnosis is overwhelming. Our CancerCARE professionals will answer questions about your diagnosis and help you evaluate your treatment options. They will also help maximize your health benefits and minimize your out-of-pocket expenses.

Register online or by phone promptly (within 72 hours) of diagnosis for the highest care impact.

Personalized Care

Today's cancer treatments vary by cancer type, stage of spread, and the patient's genetic makeup. The most effective care occurs when it is genetically personalized for you. Genetic testing is often not a covered benefit; however, it is fully covered when used for treatment planning with CancerCARE's recommendation.

Step 1: Point your camera at the QR code.

Step 2: Clink the link that appears on your screen.

Step 3: Use the online form to Register for the program.

National Resources

New treatments are developed and tested at leading cancer centers called Centers of Excellence. Care from your local oncologist is often best, but in some instances CancerCARE may suggest care at a Center of Excellence where a new treatment maybe more effective. Clinical Trials or proven new treatments not yet been written into treatment guidelines for community oncologists are examples.

Expert Medical Team

When registering by phone, our highly trained Intake Coordinators will quickly gather your medical and health plan information. Patients with complex care needs are assigned an Oncology Nurse Expert who will answer questions regarding your diagnosis and discuss care options. CancerCARE's team of medical experts will support you throughout your treatment journey.
